Sir:

Pursuant to 37 C.F.R. 1.55, Applicant attaches hereto for filing, in the above-referenced Application, an English-language translation of the German patent application to which this Application claims priority. The certified copy of the German patent application has previously been filed and is of record.

The attached English-language translation is accurate. The undersigned makes this statement (i) based on inquiry with and direction from the Assignee's intellectual property department, (ii) with the understanding that the Assignee's intellectual property department includes a staff of translators who are tasked specifically to translate patent documents, particularly for the filing of patent applications on an international basis in connection with its inventive efforts worldwide and (iii) with the understanding that the attached translation was
